

# #15 MY SWEARING

How and when do you swear in a day?

Pick a day when you are able to swear freely (like on the weekend), and make notes in your phone on each word you say following the rules and categories below.

1. Divide your drawing by all the swear words you used.

One circle outline for every word used

Label with the swear word (using asterisks if you want to be polite!)

Circle your favorite swear word in RED

2. Each SYMBOL drawn in the circle = one instance of using that swear word

3. Symbol COLOR = who you were with when you swore

|  |         |
|--|---------|
|  | alone   |
|  | friends |
|  | _____   |
|  | _____   |
|  | _____   |

4. The symbol's SHAPE = the context of your swearing

- an insult to the person you were speaking to
- an insult towards someone/something you were talking ABOUT
- part of conversation or in jest, no insult meant
- exasperation
